Wine cellar

Welcome to a small family winery nestled in the picturesque Puigpunyent valley, located in the Serra de Tramuntana of Mallorca — a recognized UNESCO World Heritage Site since 2011. Here, amidst this breathtaking setting, we craft limited series of wines that embody the essence of our land.

Our wines are created exclusively from grapes cultivated in our very own vineyard, ensuring a true reflection of our terroir. With utmost care, the grapes are hand-picked and meticulously selected while still on the vine. This hands-on approach allows us to maintain the highest quality throughout the winemaking process.

Under the esteemed designation of the Mallorca Protected Geographical Indication, our wines are crafted with dedication and respect for tradition. We cultivate a harmonious blend of endemic grape varieties, such

as Prensal Blanc, Giró Ros, and Callet, alongside renowned international varieties like Chardonnay, Sauvignon Blanc, Malvasia, Merlot, Cabernet Sauvignon, and Tempranillo. The composition of each wine may vary from vintage to vintage, capturing the unique characteristics of the harvest.

With every sip, you will taste the essence of Mallorca, the labor of love that goes into our winemaking, and the harmony between tradition and innovation. Our wines reflect the terroir, the climate, and the passion we hold for our craft.

We invite you to join us on a journey of flavors and discover the exceptional wines that our small family winery has to offer. Indulge in the charm of Mallorca, experience the distinctive character of our vineyard, and savor the artistry of our winemaking.

Spanish wine test on board

When I asked my mother what kind of Spanish wine she enjoyed, she enthusiastically exclaimed, "Sangria!" Of course, Spain has much more to offer in wine than just that tasty pitcher drink. You can find so many great values in Spanish wine. If you mostly drink wines from the New World — say, South America, California, or Australia — Spanish wines are a great introduction to the Old World.

Today, we'll help you get to know some major Spanish wine regions and grapes.
